### **Fire and Property Protection Services Company Mitec Expands Super Regional Footprint with Addition of Five New Offices**

Duluth, Ga. – November 3, 2016 – With a history of exceeding expectations, one customer at a time, every time, Mitec has opened five new regional offices throughout the Southeast and Southwest. This expansion reaffirms Mitec’s service commitment to its customers of guaranteeing a four-hour response time to all emergency requests.

The offices — located in Greensboro, North Carolina; Greenville, South Carolina; Macon, Georgia; Montgomery, Alabama; and Waco, Texas — will join Mitec’s existing locations in Charlotte, North Carolina; Birmingham, Alabama; and Dallas, Texas, plus its corporate headquarters in the Atlanta suburb of Duluth, Georgia.

“Mitec’s success over the last 27 years has been supported by our culture, people, process and technology,” said Bryan Shaver, president and chief operating officer of Mitec. “As we continue to grow, these qualities will remain at the forefront to help us maintain our world-class reputation of both leading-edge technology and high-touch service. Our customers’ needs shape our company, and this expansion will ensure our responsiveness and attentiveness as we expand our service footprint.”

Mitec offers services that ensure that buildings and the people who live and work there are safe — offering a full range of services including installation, inspection and maintenance, with a special focus on inspection and reporting.

To find an office near you or for more information about Mitec, visit [www.mitec.com](http://www.mitec.com).

### **About Mitec**

Mitec is a leading provider of fire and property protection services to building owners and managers to ensure their buildings, and the people who live and work in them, are safe. Mitec’s highly-trained personnel use advanced technology to inspect more than one million devices every year — all while guaranteeing superior service and results. While inspection and reporting is Mitec’s main focus, all of its services are delivered by a culture of responsiveness and complemented with high-touch programs, such as fire drill assistance and new tenant development. With a 95 percent customer retention rate – 50 percent higher than the industry average, Mitec’s goal is to exceed expectations every time.
